

Specification	
LED strip width:	up to 8 mm
Colour variations:	Aluminium
	Black,
	White (RAL9016)
Mounting:	two-sided adhesive tape, mounting clip,
	mounting clip
COVERS (diffusers):	Opal (as standard) Walk Over Clear and Full Opal (optional)

KEY FEATURES

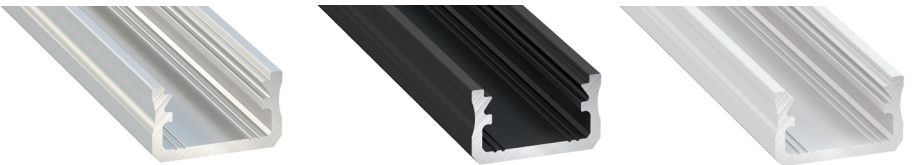

AL-SMAP-01 is a Surface Mounted (Can be recessed) Aluminium Profile-for decorative lighting for Commercial or Residential.

Profile is essential to LED Strip installation as this provides a heatsink to ensure longevity, dilutes spotting and provides a smooth, professional, straight, long-lasting Installation.
